Full Stack Developer with over 3 years of experience in the software development domain, targeting challenging roles in Full Stack Development with a focus on front-end and back-end technologies

PROFILE SUMMARY

- ❖ Offering over 3 years of experience in Full Stack Development, exhibiting expertise in both front-end and back-end technologies across various industries
- ❖ Currently employed as an Associate Software Engineer at Mphasis Pvt. Ltd. in Bangalore, specializing in full-stack development and contributing to the company's growth
- ❖ Proficient in coding and software development, with a strong understanding of requirement gathering, project execution, and the skills to identify and resolve software defects, performance issues, and technical problems through debugging & testing
- ❖ Successfully implemented defect fixes at Mphasis Pvt. Ltd., resulting in a 10% increase in application efficiency
- ❖ Possess excellent communication and critical thinking skills, with a strong sense of responsibility and commitment to delivering high-quality work, complemented by a continuous drive to update skills through self-learning, workshops, and active participation in relevant communities
- ❖ Skilled in a wide range of programming languages, frameworks, and tools, including Java, SQL, CSS, JavaScript, Express JS, React, NodeJS, Bootstrap, MySQL, Mongo DB, J2EE, and AngularJS, enabling the delivery of versatile and efficient software solutions

CORE COMPETENCIES

Full Stack Development

Software Debugging & Testing

Integration Testing

Front-End & Back-End Technologies

Unit Testing

Agile Methodology

Requirement Gathering & Analysis

Secure Coding Practices

Joint Application Development

EDUCATION

Bachelor of Technology in Computer Science and Engineering from RTC Institute of Technology with 67.6% in 2019

12th Standard from NIOS, Deoghar, Jharkhand with 63% in 2014

10th Standard from R Mitra +2 High School, Deoghar, Jharkhand with 63% in 2013

SOFT SKILLS

Planner

Collaborator

Innovator

Interpersonal Skills

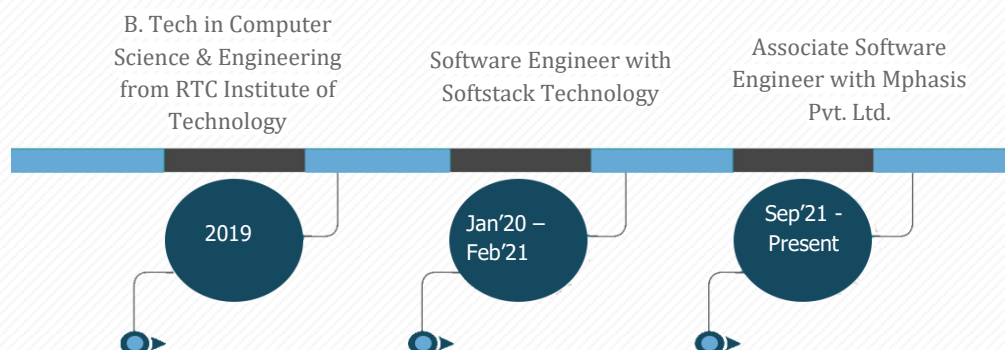

Communicator

Thinker

TIMELINE

TECHNICAL SKILLS

- ❖ Coding: Java, SQL, CSS, JavaScript
- ❖ Software Packages: Express JS, React, NodeJS, Bootstrap, MySQL, Mongo DB, J2EE, AngularJS
- ❖ Git, Machine Learning, MS Excel, OOPs, DBMS, Microservices

CERTIFICATIONS

- ❖ 2023: Certification on Artificial Intelligence, Cyber Security, Data Analytics & Software Development Methodologies from MIA Digital University
- ❖ 2021: Certification on Full Stack Web Development through Newton School
- ❖ Certification on IOT Through NPTEL

WORK EXPERIENCE

Sep'21- Present with Mphasis Pvt. Ltd., Bangalore as Associate Software Engineer

Key Result Areas:

- ❖ Identifying and resolving software defects, performance issues, and technical problems through comprehensive debugging & testing processes, ensuring the delivery of high-quality software solutions.
- ❖ Executing unit tests, integration tests, and system tests to ensure software reliability, quality, and adherence to established standards and guidelines
- ❖ Utilizing version control systems (Git) to effectively manage source code and collaborate with other developers, fostering a productive and efficient team environment
- ❖ Implementing secure coding practices and following security guidelines to protect against vulnerabilities, safeguarding the integrity of software solutions & client data
- ❖ Continuously updating skills through self-learning, workshops, and active participation in relevant communities, staying current with industry trends and best practices
- ❖ Collaborating with cross-functional teams to develop and maintaining software applications, ensuring seamless integration and alignment with business requirements
- ❖ Participating in Agile development processes, including sprint planning, daily stand-ups, and sprint retrospectives, to ensure timely delivery of software solutions

Significant Accomplishments:

- ❖ Optimized application efficiency by implementing defect fixes, resulting in a 10% increase in overall performance, contributing to improved user experience and client satisfaction
- ❖ Proven track record of success in executing unit tests, integration tests, and system tests, resulting in a 70% increase in software reliability and adherence to established standards and guidelines
- ❖ Executed unit tests, integration tests, and system tests to ensure software reliability, quality, and adherence to established standards and guidelines

Jan'20- Feb'21 with Softstack Technology Pvt. Ltd., Delhi as Trainee Software Engineer

Key Result Areas:

- ❖ Worked as a Java developer in building a B2B website using the Spring framework, contributing to the successful launch and adoption of the platform by clients

Significant Accomplishments:

- ❖ Successfully increased application efficiency by 10% through the implementation of defect fixes, contributing to improved user experience and client satisfaction

PROJECTS UNDERTAKEN

- ❖ E-commerce | Newton School [LINK](#)
Tech stack: React.js, CSS, Bootstrap, Java, Spring boot, Mysql
Description: Built an e-commerce store using the MERN stack and integrated third-party APIs, providing a seamless and user-friendly shopping experience
- ❖ Survey Tiger | Newton School [LINK](#)
Tech stack: React.js, JavaScript, HTML, CSS
Description: Created an app for taking feedback from users, enabling organizations to gather valuable insights and improve their products and services
